SAUNA

BLOOD PRESSURE

RELAXING

DETOX

 We have a far infrared and dry charcoal sauna, offering countless benefits that include alleviating musculo-skeletal pain and discomfort, detoxification, helping with weight loss, boosting the immune system, assisting with hypertension and stress, and insomnia. Scientific studies have shown the benefits of regular sauna used 3 to 5 times per week, improves overall health.

 30 min

 The Sauna is a dry heat treatment that can be detoxifying and is intensely relaxing.

RELAXING

MUSCLE-TENSION RELEASE

 Our Steam room provides moist heat and is designed to create an environment of 95-100% humidity. The steam works to relieve muscle aches and pains, reduce stress, and will help to relieve congestion if you are feeling a little under the weather.

 30 min

 Steam room therapy has also been shown to reduce blood pressure and keep the heart healthier and is intensely relaxing.

30 MIN

HOT & COLD PLUNGE POOL

MUSCLE-TENSION RELEASE

ENERGIZE

 This post-workout technique uses both hot and cold-water plunge pools. Contrast therapy allows muscles to constrict in cold water and blood vessels to expand in hot water. By systematically moving from hot water to cold water, blood flow increases which stimulates circulation and facilitates lymphatic detoxification. As this occurs, muscles flush out inflammation mediators, accelerating the healing process and decreasing the long-term effects of Delayed Onset Muscle Soreness.

 30 min

 Hot and cold therapy, or contrast therapy, has been used throughout history to treat numerous ailments, and is also a great way to relax, unwind, and connect in the beautiful, natural setting.
